

Early Bird Routes

There are three different Early Bird routes available. When booking your ticket, please make sure to select the correct route. The order of the locations is fixed and cannot be changed.

Please note: A shuttle bus ticket is not included in your Early Bird ticket. If you wish to travel between the locations by shuttle bus, you must purchase a separate shuttle bus ticket.

The 3 Early Bird-routes

Route 1

Oud Wassenaar → Huygens Museum → Duivenvoorde

Route 2

Duivenvoorde → Oud Wassenaar → Huygens Museum

Route 3

Huygens Museum → Duivenvoorde → Oud Wassenaar

Shuttle Bus and private transport

A shuttle bus ticket is not included in your Early Bird ticket. If you wish to use the shuttle bus to travel between the three locations, you must purchase a separate shuttle bus ticket through our webshop.

With a shuttle bus ticket, you can complete your chosen route as a round trip. You start at one of the three locations and, after visiting the other two, return to your starting point.

For example, if you start at Oud Wassenaar on Route 1, you can return to Oud Wassenaar after visiting the final location. This is particularly convenient if you have left your car, bicycle or other means of transport there.

Not purchasing a shuttle bus ticket? You are responsible for arranging your own transport between the locations and must complete the entire route independently: A → B → C. The order of the locations and the scheduled programme times remain unchanged. You can find the exact programme times in the description of your selected time slot.

The shuttle bus operates exclusively between the three participating locations. It does not stop in towns, at train stations or at any other intermediate stops. If you are travelling independently, please check the latest travel options in advance using the NS journey planner or 9292.

We recommend planning your transport well in advance and checking that you can reach all three locations on time according to your chosen route.

When booking, please make sure to check your selected route, time slot and whether you need a separate shuttle bus ticket.
